

A MESSAGE FROM THE WESTMINSTER POLICE DEPARTMENT

Incidents of hate crimes against the Asian American and Pacific Islander (AAPI) community have significantly increased across our nation. Several incidents over the past few months, including the horrific shooting in Atlanta, have put many in the AAPI community on high alert.

Hate crimes against any segment of our society are unacceptable. The men and women of the Westminster Police Department are proactively engaging with business owners, residents, and community organizations to ensure the safety of everyone in our City. Through these efforts, we can better understand the community's concerns, and share information on crime reporting and resources available for victims.

We strongly encourage our community members to report any such crimes to our department by calling Police Dispatch at 714-548-3212 or 9-1-1 for emergencies.

ROY CAMPOS
CHIEF OF POLICE
